1. Passengers who check in online and have no baggage to check in at the check-in counter must be at the airport 45 minutes before flight departure. Passengers who have baggage to check in at the check-in counter must be at the airport to hand over their baggage at least 60 minutes before flight departure.

If your flight is scheduled to commence at TELAVIV airport and you have baggage, please arrive at the airport three hours prior to your flight departure; if you do not have baggage, please arrive one and a half hour before your flight.

2. All passengers who check in online must have their identification document ready as they board the flight.

3. The hand baggage limit is 8 kg. You must hand over all baggage that you cannot carry with you to the check-in personnel and get a baggage tag for it. Baggage regulations can vary from flight to flight. Detailed information on baggage regulations and charges is available from the menu found by following the Flying with Pegasus - Flight Information options from the home page.

4. Passengers accompanied by pets on a flight must pay the necessary charges for this service. The maximum weight of the pet plus its cage is 5 kg.

5. Substances defined in the regulations as being dangerous, flammable or prohibited must not be carried in baggage.

6. Unaccompanied minors and disabled passengers may not use online check-in, as they will require special services.

7. Passengers who are in the 28th-32nd weeks of pregnancy must bring their medical reports with them. Passengers with single pregnancies, who are beyond their 36th week of pregnancy, or with multiple pregnancies beyond the end of their 32nd week, will not be allowed to board a flight even if they have a medical report.

If a passenger breaches the above conditions, Pegasus Airlines reserves the right to bar the passenger from the flight without being required to compensate them in any way.

For further information, please go to the home page and follow the Flying with Pegasus - Flight Information options. The menu will then direct you to the relevant pages.

**PLEASE MONITOR TV SCREENS FOR BOARDING GATE AND TIME.
BOARDING ENDS 10 MINUTES BEFORE TAKE-OFF.**
